

**BLUAC Steering Committee**  
**August 18, 2005 Minutes**

Chairman Averill called the meeting to order at 12:10 PM.

**Old Business:**

Chairman Averill reported on the advice from the Flathead County Attorney, regarding the email requests from Tony Sagami demanding copies of attendance sheets and dates for the re-convening of the Bigfork Steering Committee. It was determined that a typed list be made available, along with the minutes of meetings, at the Bigfork Library for any individual who wishes to view that information. The binder with this information may be viewed at leisure but may not be removed from the Library. Tony Sagami was emailed this determination on August 16, 2005, by Secretary Hanson. Hanson is in the process of preparing a binder which will also contain information regarding the methodology of the survey process.

Discussion was held regarding the time-line for completion of the updated growth policy for the Bigfork area. Sue Hanson has spoken with B. J. Grieve from the Flathead Planning Office. Planning Director, Jeff Harris, would like to hold a meeting with four Steering Committee members and one BLUAC member on August 26, 2005, 10:00 AM at the Planning Office to receive an update of the committee's progress. Steering Committee members to attend this meeting are Don Loranger, Sue Hanson, Denise Lang and Doug Averill. Sue Hanson will contact BLUAC to ask the committee to designate a member to attend this meeting.

Buz Meyer made the suggestion that the Power Point presentation of survey results be revised to display information in a more comprehensive way. He feels the first few slides of the presentation may be confusing to those not familiar with the process and survey questions. Several members commented that the slides at the end of the presentation were easier to understand and more meaningful. It was agreed that the Power Point presentation should be refined for future presentations.

Denise Lang reported that the listings for the sale of lots at the Mill Creek subdivision on Holt Drive are considerably higher than presented at the BLUAC public hearing.

Craig Wagner moved the meeting be adjourned. Meeting adjourned at 12:55 PM

Sue Hanson  
Secretary
